

PLAY EXTRA TIME WITH THE GREETERS ...

During the course of the event Euro 2016, in France, from 10th June to 10th July 2016, the Greeters have got themselves into tune with making local rhyme with football!

In all of the towns where Euro tournament matches will be played, local residents have volunteered to welcome and meet up with visitors. A warm gesture offered to all football fans, their friends or their families who wish to play extra time by taking a stroll with a greeter and getting a feel for their local life and life in "their" town.

From Lille to Marseille, from Bordeaux to Lyon, Philippe, Jean-Pierre, Max, Nora, Guy, Nicole, Monika and many others, a family of more than 600 greeters, jovial, warm hearted, passionate about their neighborhoods and territories who are ready to share the secrets of their towns. The meetings/walks are informal under the banner of friendliness and sharing a unique experience.

The supporters who travel to this event are also tourists. Many towns and regions outside of those where the Euro 2016 matches are being held, also have Greeter organizations ready to welcome them.

The international and participative movement of Greeters, created in New York during the 90s, groups volunteer residents in love with and passionate about their town or region. France has become the number one Greeter destination in the world closely followed by Germany! The match has only just started...
